### **PRESS RELEASE No. AN/PP/11/01/07**

#### **EASTERN DRC: ONCE AGAIN RWANDA AND ITS PROXIES IN RUTCHURU, NORTH-KIVU**

Based on intelligence collected by AN-Imboneza officers, the forces of the congolese renegade General Nkunda reinforced by RDF troops have launched an assault against Rutchuru, North-Kivu. Heavy fightings were also reported in Runyoni. While crossing the border into the Democratic Republic of Congo (DRC), these forces killed seven congolese custom officers. Rwandan reinforcements were made of troops stationed in Bunagana-Jomba and intended to make a junction with their elements already present in Kabaya and Rumangabo.

RUD-Urunana once again condemns the invasion of the DRC by the Rwandan army and its proxies led by General Nkunda. The members of RUD-Urunana express their solidarity with the Congolese people, who have always stood beside the Rwandan people and have welcomed Rwandan refugees. The roots of the problems in the Great Lakes Region lie with the brutal, repressive, and hegemonic Rwandan regime. Only a genuine Inter-Rwandan Dialogue could provide a framework for lasting peace in Rwanda and the Great Lakes region of Africa.
